TZ Vista project

> Questions regarding areas

> of concerns:

>

> -

> What is the lighting plan? We need to see the directions the lights

> will face and the flood area the lights will cover.

>

>

> -

> What is the camera plan for this

> project? Where will they be posted? What direction will they face?

> Do the cameras sweep or are they fixed? Will the cameras be monitored

> by anyone?

> Will the police department have remote access to review the cameras?

>

> -

> How do you plan on separating the public walk areas from the private

> areas?

>

> -

> The plan listed the Rip-Rap areas as being open for the public. Does

> the TZ Vista project plan to allow people to walk out on the RIP-RAP

> areas?

>

> -

> Will the public areas be closed at a certain time? If there is a time

> to close the public areas there will need to be a village resolution

> closing the area during the designated times. How will the area be

> closed off?

>

>

> -

> Has a traffic study been conducted to account for the additional cars

> from the residents and visitors?

>

>

> -

> How will you keep unauthorized vehicles out of the river walk? Will

> there be a gate, or bollards, or planters to keep pedestrians safe?

>

> -

> For the planned bar/restaurant in the TZ Vista, who is giving up their

- > liquor license elsewhere in the village in order for another bar to be
- > opened?
- >
- > -
- > The north staircase appears to have numerous turns and elevation
- > changes which cause a significant visibility issues and creates
- > policing challenges.
- > What is the lighting/camera/security plan to mitigate this problem
- > area?
- >
- > -
- > Is there a plan to post emergency phones in the garage, public
- > walkways, and the river walk?

> Respectfully,
