The County of Rockland Department of Planning has reviewed the above item. Acting under the terms of the above GML powers and those vested by the County of Rockland Charter, I, the Commissioner of Planning, hereby:

***\*Recommend the following modifications***

1 On page 3 of 4 of the BFJ Planning Memorandum it states that brew pubs, live/work spaces and microbreweries are now permitted in the DMU, RMU and OMU districts, and that the change will be that brew pubs and microbreweries are allowed by special permit in the DMU and RMU districts. Since the DMU district is being eliminated, this reference should be to the DMU-1.

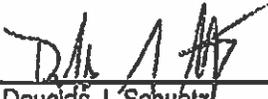

**VILLAGE OF NYACK - ZONING MAP & TEXT AMENDMENTS - COMP. PLAN (N-157B)**

2. The material submitted with the application shows in Section 360-2.4 D. the Office Mixed Use (OMU) replacing the existing Residential Office (RO). Neither the Existing Zoning Map or the Proposed Zoning Map illustrate either of these zoning districts. The maps must be updated to accurately illustrate the existing zone (RO) and the new proposed zone (OMU). In addition, the narrative submitted with the application, does not cite this as one of the proposed amendments, nor gives reasons for the zoning district renaming. Is this name change reflective of a previous district renaming which was not changed throughout the zoning ordinance, or is it a new named district? Other text in the zoning ordinance seems to already refer to the OMU zoning district. If this is a new district name, then all relevant sections of the Village of Nyack Zoning Ordinance must be updated to reflect the OMU zone instead of the RO zone. This must be clarified.

3. Table 3-1 must be amended to reflect that there are now two DMU zoning districts: DMU-1 and DMU-2. The permitted and special permit uses within each of these zones must be allocated.

4. Table 4-2 must be amended to include both the DMU-1 and DMU-2 zoning districts.

5. The unit of measure must be provided in Table 4-1 for the minimum usable open space - such as square feet per dwelling unit.
